

ENTRIES MADE State Librarian IN CORN SHOW

Interest in Event to be Held Saturday is Revealed by Competition That Will Prevail.

PRIZES UNUSUALLY LARGE

Entry List Will Close at Two O'clock Saturday Afternoon—To be Held in Sheriff's Office.

Interest is being displayed in the corn show for farmers of Rush county Saturday, ushering in the farmers' short course the first three days of next week, is revealed by the fact that two entries have already been made although Saturday is the day for entries.

The show will be held in the sheriff's office in the court house. R. G. Budd will be in charge of the show. The entry list will be closed at two o'clock in the afternoon. It is thought that all farmers will be able to get their corn in by that time.

The value of the prizes offered at the show is a cause for general comment. The fact that thirty-five dollars in cash and an equal amount in merchandise will be given away in the different classes makes the approaching show stand out prominently above any others that have ever held.

The majority of corn shows can not brag of more than ten dollars in cash prizes. In the Rushville show the first prize in each of the two events for ten ears of corn is fifteen dollars. The second prizes are also worth the effort that farmers will make in showing their corn.

Oneal Brothers will give ten dollars in merchandise to the winner of the second prize in the class for the best ten ears of white corn. The second prize in the class for the best ten ears of yellow corn is one that is calculated to attract the attention of many corn growers.

The prize for that event will be a full set of Keen Kutter tools, which are offered by John B. Morris, hardware merchant. The retail price of the set figures up to \$11.50. This set is composed of the following:

One Keen Kutter hand saw, \$1.75; one Keen Kutter hatchet, \$1.00; one Keen Kutter hammer, 85; one Keen Kutter brace, \$2.00; one Keen Kutter auger and bits, \$2.00; one Keen Kutter smooth plane, \$1.85; one Keen Kutter draw knife, \$1.00; one Keen Kutter chisel, 60c. This set of tools is on display at the Rushville National bank.

The third prize in the class for the best ten ears of yellow corn is three dollars in merchandise at Bliss & Cowings and the third prize in white corn class is a year's subscription to the Daily Republican, the subscription to apply to the future if the winner already has the Republican paid in advance.

The first prize for the best single ear of yellow corn is \$2.50 in cash and a \$2.00 from Frank Wilson's

Congratulations To--

Dr. J. C. Sexton, Rushville's well-known physician and surgeon. Dr. Sexton is fifty-seven years old today. Dr. Sexton graduated from the Rushville high school in 1876 and later graduated from the Ohio Medical College. As a physician and surgeon he is known throughout the country and to show for his success has one of the most modern and complete sanatoriums to be found anywhere. Dr. Sexton comes from a family of physicians, his father, the late Dr. Marshall Sexton having been one of the prominent doctors of this city.

PARTITION IS GRANTED Judge Sparks Names Commissioners to Sell Miller Farm.

Judge Sparks this afternoon granted a partition involving the estate of the late Nancy Miller, whose will was broken last week by a jury in the Shelby circuit court. The partition suit was filed by Bertha Toyne and Stella Platt, grandchildren of the late Mrs. Miller and named the other heirs, Ida and Rolla Clingman and the administrator of the estate, Leonidas Mull. Judge Sparks found that the land involved was not susceptible to division and ordered the land sold. Leonidas Mull and John E. Osborn, of Greensburg were appointed commissioners to make the sale and their bond fixed at \$21,000.

IS NOT READY TO SIGN CONTRACT

Milroy Light and Power Company
Has Committee That is Investigating Two Proposals.

WITTERS COMPANY FAILED

It will probably be a week or more before the Milroy Light and Power company, the newly formed organization to supply electricity to the town, will be ready to sign a contract for "juice," as the committee is investigating two propositions. The committee that is investigating is composed of Frank McCorkle, Claude Crane, William Barton and E. O. Anderson.

This committee will consider both the Connersville proposal and the I. & C. proposition. At the time the Witters company failed, it was carrying on negotiations with the Connersville company for a line through Andersonville and since the new company was formed the I. & C. has become a bidder to supply the current.

W. L. McKee, vice-president of the new company, stated today that no contract had been signed and none would be until the committee reported. "We desire to get the best service possible," said McKee, "and until we have investigated there will be no contract signed." The I. & C. company is known to be favored because of the distance and until the estimated cost is given and the finances of the new company are on sound footing, the contract will not be signed.

TROOPS LAND ON BULGARIAN SOIL

Anglo-French Squadron Silences
Forts But Withdraws When
Larger Force is Met.

GREAT AMOUNT DAMAGE DONE

(By United Press.)

Athens, Jan. 21.—After a bombardment of two days an Anglo-French squadron silenced the forts at the Bulgarian town of Porto Lagos and landed troops on Bulgarian soil. The allied landing forces destroyed Bulgarian gun emplacements and then withdrew.

The landing was made on Wednesday, with only slight casualties. Anglo-French troops moved northward towards a Bulgarian railway a few miles north of the bay, but encountering a superior Bulgarian force, withdrew to their ships.

NEW SERVICE IS NO BETTER

Mail Patrons of Mays and Vicinity
Report Their Mail is Arriving
Day Late as Usual.

NEW PLAN THOUGHT BETTER

Special Pouch is Made up Here, But
it is Delayed in Indianapolis
Postoffice a Day.

The mail service for patrons of the Mays postoffice and the rural route out of the Mays office is far from satisfactory since the change was made the first of this year.

Special arrangements were made whereby all Mays mail would be sent to Dunreith on the Pennsylvania and transferred from there by automobile to Mays. By this method it was expected patrons in the Mays vicinity would get their mail in better time than when Rushville was the terminal and the mail was sent from here on the L. E. & W.

Although the new method appeared to be a solution of the problem that has worried the patrons of northern Rush county for years, its actual application has proved that it is not working out as it should. It is believed here that the fault lies in the Indianapolis postoffice and that it will not be corrected until special attention is directed to the case and pressure is brought to bear to cause the clerks in the Indianapolis office to send the Dunreith mail out on time.

In order to make certain that mail reaching the Rushville office for Mays and vicinity should arrive its destination in time for the first trip in the day of the motor route from Dunreith to Mays, the clerks at the Rushville office have been making up a special pouch from this office for Dunreith. All that was necessary for the Indianapolis clerks to do was to head the pouch toward Dunreith. Instead, the Dunreith pouch has apparently laid over in the Indianapolis office, judging from the complaints of Mays patrons which have reached Rushville.

The clerks here felt that the Mays mail muddle would be solved with the new arrangement which went into effect the first of the year. They made up that special pouch because they knew if they out the Dunreith mail in the same pouch with other mail that the Indianapolis clerks would not take the trouble to route the Dunreith mail in time for it to reach Mays the morning of the next day.

Many complaints have been reaching Rushville. A number of farmers have said that they would rather have it the old way than under the present unsatisfactory arrangement. Any number of mail patrons have reported that they seldom get their mail less than a day late. Several have suggested that they always felt arrangements might have been made long ago for the L. E. & W. to wait here in the morning for the mail train from the west. It was frequently late, which was invariably the cause for the dissatisfaction with the old system.

Two remedies for the trouble have been suggested. It is pointed out that the motor route that carries the mail from Dunreith to Mays could be operated instead between Rushville and Mays. Another suggestion made was that the Rushville pouch be carried each morning by the L. E. & W. and the other Mays mail continue to be routed by Dunreith.

The baby of Mr. and Mrs. Wilbur Taylor, who was seriously burned recently, is reported to be doing nicely.

TROUBLES ARE AIRED IN COURT

Woodford Cassady Fights Effort of
Dellia Cassady to Obtain Support Money.

JUDGE SPRINGER ON BENCH

Objection to Expenditures of Executor of Whisman Estate Cause
For Another Action.

Raymond Springer of Connersville occupied the bench in circuit court today, acting as special judge in the divorce suit of Dellia Cassady against Woodford Cassady, and also hearing the exception to the final report in the estate of the late Warren Whisman.

The divorce suit occupied all of the morning session and was taken up again late this afternoon following a recess while waiting for certain witness for the defendant. The evidence introduced in the divorce hearing was for the most part the most obscene and repulsive heard in court for several years. The testimony of the plaintiff, Mrs. Cassady, was largely of a nature not fit to be printed. She related the allegations of the complaint regarding cruel and inhuman treatment against the defendant, who is employed as a rural route carrier out of the local postoffice.

Mrs. Cassady related to the court a long story of domestic trouble and accused the defendant with being intimate with other women and stated that on at least two different occasions he had come home in an intoxicated condition. She also related an instance in which he stayed out all night. The plaintiff alleged that he was once seen in the company of Letha Snyder, a Connersville woman, and proved this assertion by Mrs. Esther Zengle, who testified that she saw Woodford Cassady and the Snyder woman together on the streets of Connersville.

A number of witnesses testified as to Mrs. Cassady's ability to take care of their two children. She is asking the custody of the children and this is where the big fight in the case was expected to develop, as the defendant wants one of them. The witness stated that Mrs. Cassady was the proper person to have the care of the children.

The plaintiff also brought out that a reasonable attorney fee would be \$50. Cassady is fighting the case in order to keep from paying a large amount of support money. It was made known to the court the amount he was receiving from the government. Judge Springer took the case under advisement following the introduction of the testimony.

Objection to certain expenditures in the final report of the executor of the estate of Warren Whisman is the cause of the other action heard by Judge Springer. No decision was given on this case.

YEAR-OLD CHILD IS BURNED Coal Oil Lamp Explodes and Parents are Helpless to Aid.

(By United Press.)

Muncie, Ind., Jan. 21.—A coal oil lamp exploded in the bedroom in which the year-old daughter of Mr. and Mrs. Leslie Shoemaker of near Daleville was sleeping at 7 a. m. today. The house was destroyed and the babe burned to a crisp.

The father was in the barn and the mother preparing breakfast in the kitchen at the time and the room was in flames before the blaze was discovered. The parents were both badly burned trying to rescue the baby.

GERMAN ADVICES ARE CONTRADICTORY

One Report is That Greek King Has
Rejected Demands of Entente
Powers

ULTIMATUM IS ALSO DENIED

(By United Press.)

London, Jan. 21.—Contradictory advices from German sources on the situation at Athens reached here today. One report from Berlin said that King Constantine has rejected the demands of the allies that Tuetonic diplomats be expelled from Greece. The Berlin Tageblatt denies that such an ultimatum was delivered.

A Berlin report, telegraphed here from Amsterdam early today, corroborated with the Vosse-Sche Zeitung statement that the Anglo-French ultimatum expired on Wednesday and added that King Constantine had informed the Entente diplomats he could not meet their demands. Since receipt of this message no further news has reached Berlin from Athens, it was stated.

In denying the report of the ultimatum which was transmitted through Sofia, the Tageblatt declared it had received daily dispatches from its correspondents at Athens carrying no mention of an ultimatum.

ILLINOIS FLOODS CAUSE HEAVY LOSS

Million Dollars Damage Done, One
Person Drowned and Thousands
are Left Homeless.

WEATHER MAY STOP TORRENT

(By United Press.)

Chicago, Jan. 21.—One dead, thousands homeless and property damages estimated at more than a million dollars was the toll today of floods in northern Illinois. The Illinois, Fox, Vermillion, Calumet and Chicago rivers, swollen to three times their normal size at many places, spread out over thousands of acres of farm lands when ice forces blocked the passage of the torrent.

Rain falling steadily since early yesterday evening melted snow and ice and sent every stream tumbling down to rivers in torrents that swept away houses in their path. Colder weather tonight may prevent further serious damage, the weather bureau predicted.

The heaviest damage was at Joliet, Ottawa, LaSalle and the Illinois suburbs of Chicago. Five and six feet of water stood in the streets in some of these towns.

VILLA BANDITS EXECUTED TODAY

Eighteen Participants in Santa Ysabel
Massacre of Americans
Publicly Killed.

VILLA IS STILL AT LARGE

Dispatch From Carranzista General,
Herrera Denies That Bandit
Chief Has Been Captured

(By United Press.)

El Paso, Texas, Jan. 21.—Eighteen Villista bandits were executed at Chihuahua City, Mexico, today.

They were participants in the Santa Ysabel massacre of Americans according to official Carranza advices.

The details of the execution were not given out here. It is believed that the men were publicly shot.

Mexican Consul Garcia in El Paso said today that he had neither confirmation nor denial of the reported capture of Villa.

EVIDENCE UNKNOWN.

Washington, Jan. 21.—Eighteen prisoners, alleged participants in the massacre of Americans at Santa Ysabel, were to be publicly executed at Chihuahua today, an El Paso telegram to the state department announced today. The evidence connecting the prisoners to the murder of the American party is not known.

An El Paso dispatch based on private advices from Chihuahua City said the reported capture of Villa by General Cazazos has not been confirmed.

VILLA NOT CAUGHT

El Paso, Texas, Jan. 21.—Francisco Villa is still at large, according to the best information reaching Carranzista officials in Juarez today.

A dispatch from General Herrera, commanding the government troops at Chihuahua City denied reports that Villa had been rounded up with several followers.

First reports of the capture of Villa last night appeared to be confirmed. It appeared that Villa had been taken at Hacienda San Geronimo by Carranza forces under General Cavazos, according to a private telegram from Chihuahua City. The message came from the same source as the one first reporting the massacre at Santa Ysabel. It also stated that the bandits who participated in the massacre were being brought to Chihuahua for execution.

Mexican Consul Andrus Garcia thought he had confirmed the capture of Villa his advices stated that capture was effected by Maximiano Marquez, who recently also captured Gen. Jose Rodriguez, one of Villa's generals.

A Word to Retailers

This is the age of standardization.

Products of quality are sold under brands and as they are made in large quantities they are sold at low prices.

People prefer them because they are standards of value.

When these brands are newspaper advertised a demand is created among your possible customers.

It is good business to attract the newspaper readers to your store.

This you can do by showing the goods in your window at the time they are being advertised in the newspaper.

WHAT'S THE USE?

What's the use of advertising that we have the purest drugs? You know this—your doctor knows it—everybody knows no modern, honest, conscientious druggist would buy less than the best drugs in the first place. ¶ What's the use in advertising that we deliver promptly. Try us once—any order, large or small—and see how quickly and willing we deliver your goods. ¶ As an up-to-date, modern, complete drug store, we could advertise in a more convincing way than half the drug stores of the state, but what's the use. Why not test us, test our quality, our methods, our service and know the satisfaction so many others enjoy. We're here, ready to serve, ready to give you the most personal attention, so that you will entertain friendliness for us and come again freely. No drug store in the country can or will serve you more to your satisfaction than we.

The Princess will show the big feature "The Rosary" for the program tonight. Kathryn Williams and Charles Clary are featured. The moving picture is based upon the play by Edward E. Rose and a more artistic and dramatic photoplay production could not be imagined. Tomorrow night the two act drama "Wine, Woman and Song" will be shown, in which G. M. Anderson is featured.

The Gem offers a two reel modern drama "Out of the Flames" for the first picture tonight. Adele Lane and Edward Sloman are featured. The story is said to teach a powerful lesson on fire protection. The fire scene is very realistic and is the best shown in a long time. The other picture is a comedy "Itching For Revenge." Louise Orth and Fatty Voss are featured. Tomorrow night the three reel feature drama "Naem or Money" will be shown.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Court Edict As To Rheumatism

Judge Barhorst Testifies Rheuma
Has Given Permanent Relief
to Many.

No matter how many so-called remedies for rheumatism you have tried, do not be skeptical about the wonderful curative power of Rheuma.

There is no other preparation like Rheuma. It goes to work so quickly as to leave no doubt in your mind of the ultimate successful and permanent relief. One dose daily acts on the diseased blood, blood and joints more readily than any other known remedy. It cleans out the "human sewers" and thus purifies the entire system.

"I, John Barhorst, Justice of the Peace of McLean Township, Ft. Loraine, Ohio, do certify that I was cured of a very bad case of rheumatism by using two bottles of Rheuma. It is now two years since I used the remedy, and I am still as well as ever. Previous to using Rheuma I was a cripple walking on crutches. I have advised Rheuma to at least a dozen persons and each one speaks as highly of it as I."

You can secure a bottle of Rheuma for only 50 cents of Johnson's Drug Store.

BETTER THAN CALOMEL

Thousands Have Discovered Dr.
Edwards' Olive Tablets are
a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "fullness" and that lousy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists. Treat Catarrh By Nature's Method

Every Breath of Hyomei Carries
Healing Medicated Air to the
Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes. Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can earn a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating disease of the respiratory organs.

Johnson's Drug Store has sold a great many Hyomei outfits, the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. (Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

What Would You Take for Your Eyesight?

Consider this question seriously. Defects of vision afflict a large percentage of the present day generation. It is a serious strain to defective eyes to perform their function unaided, and you can not afford to take chances with your eyesight.

Properly fitted glasses may permanently relieve your eyes. Call this week for a FREE examination by approved scientific methods.

Typhoid Fever Reduced

Reduction in typhoid fever and improvement in sanitary conditions have followed the intensive investigations of rural communities carried on by the United States Public Health Service in co-operation with local and State health officers, according to the annual report of the Surgeon General of that Service. During the past fiscal year 16,369 rural homes in eight different states

"TIZ" FOR SORE, TIRED FEET--AH!

"Tiz" is grand for aching, swollen tender, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, aching, tender, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff out the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it!

were visited and many of them revisited. In each of these homes information was obtained as to the prevalence of disease and insanitary conditions and a complete sanitary survey of the premises conducted. This was followed by reinspections to determine if remedial measures had been instituted. In but a relatively small percentage of the cases did the persons concerned, after having their attention drawn to the danger of a particular unhygienic condition, fail to inaugurate corrective measures. Stimulus was given to the work by means of public lectures, the formation of active sanitary organizations, and the enlisting of all public spirited citizens in the campaigns for reform. Public buildings were also inspected and local authorities given expert advice in solving such sanitary problems as the disposal of excreta, the prevention of soil pollution, and the maintenance of pure water supplies.

The surveys made during the year 1914 had shown that in rural communities less than one per cent of the homes had sanitary toilets, and that more than fifty per cent of the people were using water from polluted sources. This condition, according to the Public Health Service, made the rural sanitation question loom large among the matters vitally affecting the welfare of the nation. Following these studies and as a result of the interest aroused, the typhoid fever rate, an excellent indicator of the sanitary status of a community, has in some places frequently been cut to one quarter of its previous figure. In Berkeley County, West Virginia, the cases of typhoid fever were reduced from 249 to 40 in one year. In Orange County, North Carolina, the rural sanitation campaign resulted in a reduction of the cases from 59 to 17.

The tangible results of operations in rural sanitation indicate that marked advancement in maintaining hygienic and satisfactory surroundings in country districts is possible by the application of the common principles of preventive medicine. Insanitary conditions exist largely because they are not known to be such. Actual demonstrations of their harmfulness, together with definite recommendations for their correction, remain one of the most gratifying and successful methods for instituting reforms, has been, in the experience of the Public Health Service, invariably accompanied by definite and measurable results.

Newspaper Comment on Watson Candidacy

Watson And His Record.

(Vincennes Commercial.) The Evansville Journal, long since forgotten as a Republican exponent of true principles of government, of the old days when it was conducted as a safe and sane journal, makes an alleged campaign in favor of Harry New for United States Senator in Indiana, against James E. Watson. These men are rival candidates for the nomination on the Republican ticket.

We do not believe that Harry New, being a former journalist himself, approves the kind of argument that the Evansville Journal sees fit to use against Mr. Watson. The argument is that Mr. Watson is incapable of representing the people of Indiana, and is a menace to the Republican ticket, because he was a so-called "lobbyist" at Washington.

The facts are that after Mr. Wat-

son left Congress he went back to Washington to look after the interests of the National Manufacturing Association of the United States of America, the greatest organization in the whole country. He represented the manufacturers, because, as an association, they had to fight corrupt and crooked legislation, legislation that meant confiscation of property, and the destruction of the industries of this country. If there is any sin in that sort of representation; if it is necessary to defend a man because he fights in the interests of the business interests of this country, then the Republican party is not the party of the people, because the people, when they consider business propositions safe and sane are in favor of, and have always upheld business interests of the United States. There is no irretrievable difference between Mr. Watson and the laboring interests. He has always been their friend and champion, and it is a poor fool that will argue that a man, who has devoted his life to the upbuilding of the industries of this country in order to give labor the widest possible opportunity, and capital the best possible investment, is an enemy of mankind. On the contrary, he is their saviour and their friend. If the United States government were represented by more men of the Watson type, men who are able to argue and tell the story of the needs and the demands of the times, this government today would be better off. Laboring men everywhere would be fully employed instead of chasing about the streets looking for jobs—a lot of them right now working only half time. Every manufacturing establishment in Evansville should repudiate the Evansville Journal for its mendacious diatribe. It is just such Pecksniffian journalism, demagogic to the core, anachronistic in purpose, revolutionary in tactics that is destroying the business interests in this country, and putting laboring men on the starvation role.

If it were not for the few war orders this country has received the factories throughout the land would practically close their doors. This is an admitted fact. The people of the United States know that free trade has brought them to the very verge of ruin. They also know that this everlasting agitation and war between capital and labor is a wrong that must be righted or it will bring ruin to all in the end.

We have no fight against any man who wants to run for nomination before his party. We think of all the pusillanimous infamies of politics the worst is a creation of low-born, demagogism of the type that criticizes Watson because he fairly and honestly represented the manufacturing interests at Washington. He was just where he had a right to be. The Evansville manufacturers ought to "call" the Journal-News. They forget their bounden duty if they do not rebuke, en masse, just such rotten demagogism as that.

We have repeatedly remarked that the laboring men should be led out of the wilderness of demagogism by good, capable labor leaders, who will co-operate with capital and help build up instead of trying to break down and destroy.

There is an element in this country that would like to destroy the industries. The business men and manufacturers of this country have had a siege of it for the last ten years. There is another element that is making drastic effort to even things up, and improve conditions, and there is a steady and satisfactory improvement going on. Business men and manufacturers, as a rule, are either too slothful, or too cowardly to take a strong stand on governmental propositions, and in failing to do it delay too long.

The howl of the lying press, in 1912, that the interests were being fed by the Payne-Aldrich bill has proven to be fraud and a sham, and the administration, sliding into power on that wave of argument, has not lowered the price of any product or reduced the cost of living in any way, and yet it has opened the markets of this country to the world, and has gradually encouraged the establishment and growth of a tremendous manufacturing business even in some of the heathen countries, so that it is only a matter of time, no matter what laws you pass, or what party is in power, until manufacturers of the United States of America must close up shop and send the workmen home without jobs. In China today they are establishing tremendous cotton mills. They just purchased a million dol-

lars' worth of American cotton making machinery. They will make cheap cotton goods to send to this country. The Chinese factories may be stimulated and built up by American capital. Why? Because the demagogue journals of the United States are driving American investors to the wall and encouraging the trade of the European manufacturer.

The working people of this country must understand that they will be compelled to enter into competition with the pauper labor of Europe right here on American soil, and they can now be able to predict the calamity that may befall them in future years. American capital can go abroad and work out its own destiny, but the American workman may have to stay at home and starve.

MOVES OF LEAGUE TO BE SECRET

Shumaker of Anti-Saloon Forces
State Liquor Question Will Not
Likely Enter Primary

NOT LIKELY TO BACK HANLEY

Declines to Make Public Any Announcements as to Whom They Will Support

By DAN L. BEEBE
(U. P. Staff Correspondent.)
Indianapolis, Jan. 21.—The Anti-Saloon league may not call for a public announcement by candidates for or against statewide prohibition before the primaries March 7. This statement was made to the United Press today by E. S. Shumaker, superintendent of the league, who added that this does not mean that the league will be idle or that it will not find out how the various candidates stand.

Shumaker said that although none of the candidates for Governor save J. Frank Hanley have announced for prohibition, he is confident that if certain candidates were nominated they would be perfectly satisfactory to the league. "The only candidate who has placed himself on record against prohibition is J. A. M. Adair, who did so by his vote in congress," said Shumaker.

"If no other candidate comes out for prohibition will the league support Hanley, the progressive candidate?" Shumaker was asked.

"We may be for Hanley later on," said Shumaker, "But not necessarily. If there are other acceptable nominees for Governor, and I think there will be, Hanley may have some competition for the prohibition vote."

Shumaker said that he believed several candidates if elected, would sign a state-wide prohibition bill. He recalled the situation prior to Hanley's election as Governor, saying that Hanley, himself, did not announce for prohibition, but that the league knew it would have a friend in the Governor's chair.

Shumaker was asked how the league would use its influence for "dry" candidates if, as he said, it did not intend to make public announcements.

"We will get the word to the 'dry voters,'" he said. "We don't care to tip our information to the 'wet' voters. Our work will be done and the proper, reliable information will be passed around."

Shumaker said the league was most interested in candidates for the following offices: Governor, lieutenant governor, U. S. Senator, congress and the state legislature. He said that so far as he knew the only candidates who have announced for prohibition are Arthur Robinson, republican candidate for U. S. Senator, and Hanley.

With the primary less than two months away, Shumaker made it plain that the league's moves may not be made in the open.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

NEW SCHOLARSHIP GIVEN WESTERN

Late Sarah Little of Connersville Establishes Fund for Education of Poor Girls

IS OPEN TO ALL STUDENTS

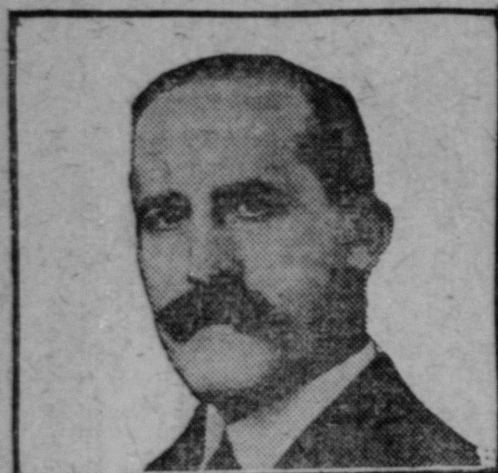

Dr. W. W. Boyd, president of Western College for Women at Oxford, Ohio, announces that there will be available with the opening of the next school year a new scholarship which will be the seventeenth at Western College. This scholarship was founded by the late Sarah Little of Connersville, Ind., in memory of her husband, Joseph I. Little. F. S. Kensler, her executor, has just paid over the sum of \$6,000 to the trustees of the college. The new fund is to be known as the Joseph I. Little Scholarship.

The will of the late Mrs. Little describes the purposes of the scholarship in these terms, "for the education of worthy poor girls who are preparing to engage in Christian work." It will be open to any who, in the judgment of the school authorities, are worthy to receive its support and who, without it, would be unable to pursue their education at Western College or elsewhere. It will be open to all students during any or all of the years of their college course.

SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to
Neglect

W. WITHERS MILLER

President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

Sold in Rushville and recommended as the world's best corn remedy by Fox Bros. Drug Store, Hargrove & Mullin and F. E. Wolcott.

Miss Pearl Kitchen will entertain the Embroidery Club tomorrow afternoon at her home in West Third street.

A pleasant time is anticipated by those from this city who will attend the Leap Year dance to be given in Connersville this evening. Mitchell's orchestra will furnish the music.

The Loyal Daughters of the Christian church will be entertained on Tuesday evening by the Misses Letha Creekmore, Geneva Crull, and Ethel Harroll at the home of Miss Creekmore.

The members of the Grand Club were pleasantly entertained yesterday afternoon by Mrs. A. L. Riggs at her home in North Perkins street. After an afternoon at cards, the husbands of the members were invited in to enjoy the delicious six o'clock dinner served. Among the guests was Miss Sallie Houston, of Shelbyville.

Following the Phi Delt dance last evening, a jolly crowd enjoyed a supper at the City cafe. Those participating in the spread were the Misses Marie and Josephine Kelly and Mary Harroll, and Francis Knecht, Dale Fisher, and Clifford Gottman.

A happy crowd was the one which enjoyed the hospitality of Mrs. Merrill Ball yesterday when she entertained with a noon dinner. It was charming in its appointments, beautifully served. The guests enjoyed a pleasant social afternoon of chatting and sewing. Those present were Mrs. Jess Poe, Mrs. Joseph Pugh, Mrs. Jeanette Pugh, and Mrs. Ernest Mitchell.

An unusually pleasant time was enjoyed at the Phi Delt dance given in their hall last evening. The thirty couples that comprised the affair were a gay and congenial crowd as they participated in the series of dances, made especially lively by the good music furnished by the Twin City orchestra of Indianapolis and Connersville. The informality only added to the pleasure of the event. Among the out-of-town guests were Miss Gladys Henly, of Chicago, Herman Schmidt, of Richmond, Walter Baker and Fred Fidler of Connersville, and Darrell Wendling of Indianapolis.

SEXTON AID SOCIETY.

About twenty members of the Ladies Aid Society of Sexton enjoyed the all day meeting which was held in the M. W. A. Hall yesterday. Each came with a well-filled basket, which helped to make up the bountiful dinner served at noon. The afternoon was pleasantly and profitably spent in quilting, and as a result of the afternoon work, two comforts and one quilt were completed by the ladies. After the delightful day spent, it was a matter of regret that the entire membership of the society could not be present and that inclement weather and sickness had prevented their attendance at the meeting.

BASKET DINNER.

All expectations for the K. of C. basket dinner last evening were surpassed, when a merry crowd of thirty-five couples gathered with their laden baskets to spend the evening. The supper with its variety and bounty, was an elaborate one, thoroughly enjoyed by those for whom the places were laid. Following this, several games of Rook furnished amusement for some of the guests, while others enjoyed the program of dances that had been planned for them. Lively music was furnished throughout the evening by

the McGinnis Orchestra. At the close of the jolly evening, the guests left expressing gratitude to the Knights of Columbus for their hospitable entertainment.

SURPRISE PARTY.

The thirty-third birthday anniversary was the occasion for which Andrew Moore of West Fifth street was so pleasantly surprised last evening by thirty-five of his neighbors and friends. The arrangements, which had been so carefully made without his knowledge, were well carried out, and at the appointed hour the jolly crowd burst in upon him. An artistic basket of fruit and a huge bouquet of cut flowers, the gift of the guests, helped to make the dining room attractive for the elegant supper which the guests enjoyed there. The hours following this were pleasantly spent, interspersed with Grafonala records. Progressive euchre and other social games were amusements of the delightful evening. Those who planned and took part in this pleasant affair were Mr. and Mrs. Jacob Webber and family, Mr. and Mrs. W. E. Jones, Mr. and Mrs. Arnold Ormes and family, Mr. and Mrs. W. H. Gregory and daughter, Mr. and Mrs. Louis Sadler and son, Mr. and Mrs. Roscoe Brooks, Mr. and Mrs. Thomas Meek of Clarksburg, Mrs. Stella Arnold, Miss Dorothy Wright, Glenn Edwards of Champaign, Ill., and Miss Carrie and Leroy Edwards.

D. A. R. ELECTION.

The Daughters of the American Revolution met in regular session yesterday afternoon at the home of Mrs. Horatio Havens in North Harrison street. The meeting was taken up with the transaction of business including the election of officers. The newly elected officers are as follows: Mrs. William Dill, regent; Mrs. D. D. VanOsdol, vice-regent; Mrs. H. V. Logan, recording secretary; Miss Laura Meredith, corresponding secretary; Mrs. Wilford Grindle, treasurer; Miss Emma Cassidy, registrar; Mrs. Mary M. Alexander, chaplain; Mrs. C. H. Gilbert, historian; Miss Emma Blackledge, librarian. The delegates to the D. A. R. Congress to be held in Washington in April are Mrs. Dill and Mrs. A. L. Gary. The alternates to the regent are Mrs. Ruby Strong, Mrs. Wilber Stiers, Mrs. Wilford Grindle, Miss Leonora Norris, Miss Eva Ball. Mrs. Gray's alternates are, Mrs. Sarah Guffin, Mrs. D. D. VanOsdol, Miss Alice Norris, Mrs. Jesse Winship and Miss Laura Meredith. A letter was read from Mrs. William C. Story, president general, of New York, in which new work for the year was outlined. Following the business session a social hour was held and light refreshments were served. Mrs. Havens was assisted by Mrs. C. H. Gilbert, Miss Laura Meredith, Mrs. A. L. Gary, Mrs. J. D. Case, and Mrs. Theodore Friend.

LENNARD-RIEMAN.

Miss Mildred Rieman, of Connersville, who has a number of friends in this city and has visited here frequently, was married yesterday to George Lennard of Metamora. Miss Mary Carr of this city, attended the wedding and sang several solos, as is given in the following account from the Connersville News:

A January wedding of singular beauty and charm was solemnized at the pretty home of Mr. and Mrs. C. A. Rieman, on Grand avenue, at twelve o'clock today, their popular daughter, Miss Mildred, being given in marriage to George Lennard, of Metamora, Indiana. Honoring the occasion the interior of the home had been converted into a fairylike flower garden. The southern end of the handsome parlor was artistically embanked in green and in the center of the bower the bridal altar a masterpiece of floral art, had been arranged. Exquisite ferns and palms were used as the background of the altar and were intermingled with showers of perfect pink roses and sweet peas. French baskets of pink rose buds and smilax clustered either side of the altar as did also two stately burning cathedral candles.

At the appointed hour a small company of friends and relatives assembled there. Miss Lucy Davis-

son, of Bloomington, Indiana, played the program of bridal airs before the ceremony. Miss Mary Jane Carr, of Rushville, sang "I Love You Truly" and "At Dawning." At the close of the bridal strains the bride and bridegroom came into the parlor and took their places. The Rev. W. D. Lewis, of the First Presbyterian church, read the Episcopal marriage service in an eloquent and impressive manner.

A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

New Bills in Congress Commentary
on Ingenuity of Statemen to Get
"Pork" Appropriations.

SOME RIDICULOUS DEMANDS

Northern Brethern More Modest,
Their Requests Ranging Down
From \$400,000,000.

Washington, Jan. 21. — When Democratic hard times hit the country, after the passage of the Underwood tariff law, laboring men and others whose incomes were curtailed were compelled to economize. Not so the Democratic Congress, which made appropriations upon a scale of extravagance never before equalled. Within the last year "war brides" have lived upon some communities and in some localities times are better. Not so in the Federal Treasury, which now has fifty millions of deficit and which will have more than twice as much at the end of the fiscal year. Yet the Democrats in Congress show no signs of trying to fit their expenditures to the income.

The number and amount of appropriations are little short of appalling, considering the condition of the Treasury—and the significant fact is that most of the raids on the public funds which Democratic Congressmen contemplate are wholly to be classified as "pork."

Your correspondent has just examined the file of printed bills introduced by Democrats in Congress on the first day of the present session and calling for money from the Treasury for private or selfish or political reasons. The documents are a vivid commentary upon the ingenuity of Democratic statesmen in devising schemes to get public funds for their own political benefit and for the benefit of their communities.

These bills also produce additional evidence, if any were needed, that the South is in the saddle and that the great bulk of Federal "pork" money is designed to be distributed in the Southern States. For instance, a Representative from Arkansas proposes, that the Federal government shall pay each Confederate soldier and each widow of such \$500 in a lump sum and a pension of \$30 a month during the remainder of their lives, and asks the modest sum of \$100,000,000 for this purpose. A member from Louisiana demands that the government establish homes for disabled Confederate soldiers, their wives and widows, and wants \$720,000 appropriated. Three members—hailing from Mississippi, Oklahoma and Arkansas,

Kidney Trouble Lead To Terrible Torture

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffy swelling under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy, which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax has been so uniformly successful that Johnson's Drug Store will in future sell it under a positive guarantee of relief or refund the money.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

respectively—want the cotton tax refunded to the Southern planters who paid it in Civil War times. Two of these bills demand \$68,000,000 each for this purpose, while the third asks for "such sums as may be necessary." Senator Fletcher of Florida wants \$4,000,000 to combat a disease which affects the orange trees of his state, while Congressman Harrison of Mississippi wants \$2,000,000 for the same purpose. For fish-hatcheries, monuments to dead Democratic leaders, extensions to public parks public buildings, government workshops and other purposes equally frivolous and heedless but all calling for Federal money to be spent in the South, various Southern Democrats are clamoring for a total sum nearly \$10,000,000. Senator Tillman wants \$11,000,000 for a government armor plant. This makes nearly \$200,000,000 which Southern Democrats asked from the Treasury on the first day of the session.

Their Northern Brethern were more modest, knowing, doubtless, that they have few rights in party organization which is officered almost exclusively from the South. Yet Northern Democrats, on the first day of the session, came forward with a varied list of demands for "pork", ranging from an annual sum of \$4,000,000 for a military training camp in each State State down to \$10,000 for a commission to investigate commissions.

And yet it is good betting that the next Democratic platform, like the last, will have a resounding plank in favor of economy.

DIPLOMATS WILL BE DINED TONIGHT

President And Mrs. Wilson Will Entertain at First of Two Big Dinners at White House

HONORS FRENCH AMBASSADOR

(By United Press.)

Washington, Jan. 21.—With Ambassador Jusserand of France, dean of the diplomatic corps and Madame Jusserand as guests of honor, President and Mrs. Wilson tonight will entertain at the first of two diplomatic dinners to be given at the White House.

Seating representatives of the warring powers together being out of the question the President is entertaining the representatives of the entente powers tonight. Next Monday evening representatives of the Central powers will be the guests of honor. At both functions neutrals will be present in equal number.

The names of the guests for this evening have not been made public. Of course it is known that in addition to Monsieur and Madame Jusserand, there will be Ambassador and Madame Bakmeteff of Russia, Viscount and Viscountess Coo of Japan, Sir Cecil and Lady Spring-Rice of Great Britain, Count and Countess Macchi di Cellere of Italy, Viscount de Alte of Portugal and Minister Havenith and his wife, of Belgium.

As to the neutral guests who will be seated at the entente dinner, no information has been given today. It is understood, however, that these will include representatives from Brazil, Chile, Bolivia, Norway, Guatemala, Sweden, Denmark, Nicaragua, the Netherlands, Persia, Haiti, Venezuela, Costa Rica and Greece.

The seating of the Greek charge with the allies caused some comment when it was learned some time ago, but it was stated at that time that in arranging the neutrals no particular system was used other than selecting them alternately, according to their rank in the diplomatic corps.

Madame Jusserand will sit at the President's right, while the ambassador will sit at Mrs. Wilson's right. On the left of the executive couple will sit Madame Da Gama and Ambassador Da Gama of Brazil, respectively. The banquet will be served in the state dining room.

A New Back For an Old One—How a Rushville Resident Made a Band Back Strong.

The back aches at times with a dull indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Rushville citizen.

Charley Walker, 1023 North Arthur street, Rushville, says: "I work where a lot of turpentine is used and it keeps my kidneys out of order more or less all the time. My back gives me the most trouble. It aches and is lame and stiff. The kidney secretions are too frequent in passage and highly colored. Not long ago, I decided to try Doan's Kidney Pills and got a box at Fox Bros.' drug store. Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once. He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Sentinel Remedies Company 503 Union Central Building, Cincinnati, Ohio.

VILLA BANDITS EXECUTED. TODAY

Continued from Page 1.

ture also has been received at the office of the American Smelting and Refining Company.

Carranza Consul Garcia explained that his confirmation of the report of the capture of Villa was based on unofficial, but reliable information. He telegraphed at once to Chihuahua City asking immediate official information from Gen. Jacinto Trevino, the military chief of the northern states.

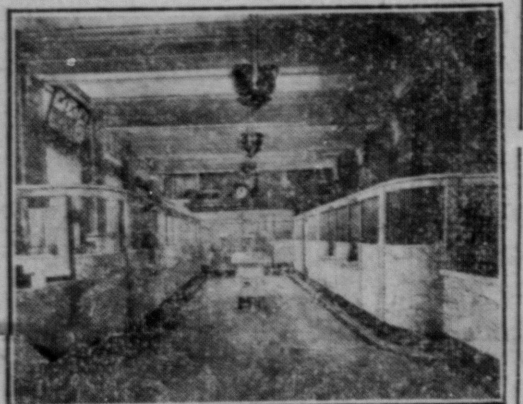

That Francisco Villa, the one-time bandit, would be President of Mexico or die in the attempt, was the prediction made more than a year ago by some of his close friends. With Villa's taking of Torreon, the Huerta stronghold, last April, observers of Mexico affairs discovered that the "unlettered bandit general" was a born genius as a strategist and commander, and from the time of his first prominence as a follower of Gen. Carranza there appeared the possibility that he would some day completely overshadow this mild-mannered old lawyer-general as a leader in Mexico.

However familiar his name, Villa has never ceased to be an enigma.

How to Treat Croup Externally

Rub Vicks' "Vap-O-Rub" Salve well over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime insures against a night attack. 25c, 50c, or \$1.00. At druggists.

Those who have seen the worst side of him have never pictured him better than a primitive man, still the red-handed bandit he was years ago.

There is the romantic story of how Villa turned bandit. Born in 1868 in the little mining town of Las Nieves, in the state of Durango, he remained there until the death of his father. Then, as a protector of his mother and sister, he became a cowboy in western Chihuahua. From their parents, who were peons of northern Mexico (some accounts say of a very good family), the children had inherited Spanish and Indian blood and traits. The story is that when a regiment of Porfirio Diaz's soldiers once visited the town the eyes of a captain alighted on Villa's sister.

There was an elopement without marriage. The most melodramatic accounts say that Villa galloped after the elopers, caught them and arranged their marriage. Then he told his newly-acquired brother-in-law to sign his own death certificate, dig his own grave and lie beside it. Villa shot the bridegroom and rolled him into the grave. President Diaz, hearing of his officer's death, set a price on Villa's head. Whatever the exact truth, something of this sort occurred.

Villa escaped to the mountains and became a bandit. His real name had been Doreteo Orango, but as a bandit he became known as Francisco and "Pancho" Villa. He gathered together a number of desperate men of the northern mountain country and within a few months his name was the terror of the region.

At the outbreak of the Madero revolt against Diaz in 1910 Villa, unasked, cast his lot with the Maderists and rendered such valuable aid that Madero was forced to recognize the peon commander. When Madero sent Gen. Huerta into the north to combat the Orozco rebellion Villa and Huerta came to a clash. They were much alike, each contemptuous of the other. Huerta had Villa arrested and condemned to death by a

military court for insubordination, but Madero's debt to Villa saved him from this extreme penalty. He was taken to the City of Mexico as a prisoner, readily escaped and pushed his way north again, seeking refuge across the Texas border.

ROBBINS BROTHERS

ENTRIES MADE IN CORN SHOW

Interest in Event to be Held Saturday is Revealed by Competition That Will Prevail.

PRIZES UNUSUALLY LARGE

Entry List Will Close at Two O'clock Saturday Afternoon—To be Held in Sheriff's Office.

Interest is being displayed in the corn show for farmers of Rush county Saturday, ushering in the farmers' short course the first three days of next week, is revealed by the fact that two entries have already been made although Saturday is the day for entries.

The show will be held in the sheriff's office in the court house. R. G. Budd will be in charge of the show. The entry list will be closed at two o'clock in the afternoon. It is thought that all farmers will be able to get their corn in by that time.

The value of the prizes offered at the show is a cause for general comment. The fact that thirty-five dollars in cash and an equal amount in merchandise will be given away in the different classes makes the approaching show stand out prominently above any others that have ever held.

The majority of corn shows can not brag of more than ten dollars in cash prizes. In the Rushville show the first prize in each of the two events for ears of corn is fifteen dollars. The second prizes are also worth the effort that farmers will make in showing their corn.

Oneal Brothers will give ten dollars in merchandise to the winner of the second prize in the class for the best ten ears of white corn. The second prize in the class for the best ten ears of yellow corn is one that is calculated to attract the attention of many corn growers.

The prize for that event will be a full set of Keen Kutter tools, which are offered by John B. Morris, hardware merchant. The retail price of the set figures up to \$11.50. The set is composed of the following:

One Keen Kutter hand saw, \$1.75; one Keen Kutter hatchet, \$1.00; one Keen Kutter hammer, 85; one Keen Kutter brace, \$2.00; one Keen Kutter auger and bits, \$2.00; one Keen Kutter smooth plan, \$1.85; one Keen Kutter draw knife, \$1.00; one Keen Kutter chisel, 60c. This set of tools is on display at the Rushville National bank.

The third prize in the class for the best ten ears of yellow corn is three dollars in merchandise at Bliss & Cowings and the third prize in white corn class is a year's subscription to the Daily Republican, the subscription to apply to the future if the winner already has the Republican paid in advance.

The first prize for the best single ear of yellow corn is \$2.50 in cash and a \$2.00 from Frank Wilson's.

PARTITION IS GRANTED

Judge Sparks Names Commissioners to Sell Miller Farm.

Judge Sparks this afternoon granted a partition involving the estate of the late Nancy Miller, whose will was broken last week by a jury in the Shelby circuit court. The partition suit was filed by Bertha Toynes and Stella Platt, grandchildren of the late Mrs. Miller and named the other heirs, Ida and Rolla Clingman and the administrator of the estate, Leonidas Mull. Judge Sparks found that the land involved was not susceptible to division and ordered the land sold. Leonidas Mull and John E. Osborn, of Greensburg were appointed commissioners to make the sale and their bond fixed at \$21,000.

IS NOT READY TO SIGN CONTRACT

Milroy Light and Power Company Has Committee That is Investigating Two Proposals.

WITTERS COMPANY FAILED

It will probably be a week or more before the Milroy Light and Power company, the newly formed organization to supply electricity to the town, will be ready to sign a contract for "juice," as the committee is investigating two propositions. The committee that is investigating is composed of Frank McCorkle, Claude Crane, William Barton and E. O. Anderson.

This committee will consider both the Connersville proposal and the I. & C. proposition. At the time the Witters company failed, it was carrying on negotiations with the Connersville company for a line through Andersonville and since the new company was formed the I. & C. has become a bidder to supply the current.

W. L. McKee, vice-president of the new company, stated today that no contract had been signed and none would be until the committee reported. "We desire to get the best service possible," said McKee, "and until we have investigated there will be no contract signed." The I. & C. company is known to be favored because of the distance and until the estimated cost is given and the finances of the new company are on sound footing, the contract will not be signed.

Anglo-French Squadron Silences Forts But Withdraws When Larger Force is Met.

GREAT AMOUNT DAMAGE DONE

(By United Press.)

Athens, Jan. 21.—After a bombardment of two days an Anglo-French squadron silenced the forts at the Bulgarian town of Porto Lagos and landed troops on Bulgarian soil. The allied landing forces destroyed Bulgarian gun emplacements and then withdrew.

The landing was made on Wednesday, with only slight casualties. Anglo-French troops moved northward towards a Bulgarian railway a few miles north of the bay, but encountering a superior Bulgarian force, withdrew to their ships.

NEW SERVICE IS NO BETTER

Mail Patrons of Mays and Vicinity Report Their Mail is Arriving Day Late as Usual.

NEW PLAN THOUGHT BETTER

Special Pouch is Made up Here, But it is Delayed in Indianapolis Postoffice a Day.

The mail service for patrons of the Mays postoffice and the rural route out of the Mays office is far from satisfactory since the change was made the first of this year.

Special arrangements were made whereby all Mays mail would be sent to Dunreith on the Pennsylvania and transferred from there by automobile to Mays. By this method it was expected patrons in the Mays vicinity would get their mail in better time than when Rushville was the terminal and the mail was sent from here on the L. E. & W.

Although the new method appeared to be a solution of the problem that has worried the patrons of northern Rush county for years, its actual application has proved that it is not working out as it should. It is believed here that the fault lies in the Indianapolis postoffice and that it will not be corrected until special attention is directed to the ease and pressure is brought to bear to cause the clerks in the Indianapolis office to send the Dunreith mail out on time.

In order to make certain that mail reaching the Rushville office for Mays and vicinity should arrive its destination in time for the first trip in the day of the motor route from Dunreith to Mays, the clerks at the Rushville office have been making up a special pouch from this office for Dunreith. All that was necessary for the Indianapolis clerks to do was to head the pouch toward Dunreith. Instead, the Dunreith pouch has apparently laid over in the Indianapolis office, judging from the complaints of Mays patrons which have reached Rushville.

The clerks here felt that the Mays mail muddle would be solved with the new arrangement which went into effect the first of the year. They made up that special pouch because they knew if they put the Dunreith mail in the same pouch with other mail that the Indianapolis clerks would not take the trouble to route the Dunreith mail in time for it to reach Mays the morning of the next day.

Many complaints have been reaching Rushville. A number of farmers have said that they would rather have it the old way than under the present unsatisfactory arrangement. Any number of mail patrons have reported that they seldom get their mail less than a day late. Several have suggested that they always felt arrangements might have been made long ago for the L. E. & W. to wait here in the morning for the mail train from the west. It was frequently late, which was invariably the cause for the dissatisfaction with the old system.

Two remedies for the trouble have been suggested. It is pointed out that the motor route that carries the mail from Dunreith to Mays could be operated instead between Rushville and Mays. Another suggestion made was that the Rushville pouch be carried each morning by the L. E. & W. and the other Mays mail continue to be routed by Dunreith.

The baby of Mr. and Mrs. Wilbur Taylor, who was seriously burned recently, is reported to be doing nicely.

TROUBLES ARE AIRED IN COURT

Woodford Cassady Fights Effort of Della Cassady to Obtain Support Money.

JUDGE SPRINGER ON BENCH

Objection to Expenditures of Executor of Whisman Estate Cause For Another Action.

Raymond Springer of Connersville occupied the bench in circuit court today, acting as special judge in the divorce case of Della Cassady against Woodford Cassady, and also hearing the exception to the final report in the estate of the late Warren Whisman.

The divorce suit occupied all of the morning session and was taken up again late this afternoon following a recess while waiting for certain witness for the defendant. The evidence introduced in the divorce hearing was for the most part the most obscene and repulsive heard in court for several years. The testimony of the plaintiff, Mrs. Cassady, was largely of a nature not fit to be printed. She related the allegations of the complaint regarding cruel and inhuman treatment against the defendant, who is employed as a rural route carrier out of the local postoffice.

Mrs. Cassady related to the court a long story of domestic trouble and accused the defendant with being intimate with other women and stated that on at least two different occasions he had come home in an intoxicated condition. She also related an instance in which he stayed out all night. The plaintiff alleged that he was once seen in the company of Letha Snyder, a Connersville woman, and proved this assertion by Mrs. Esther Zengle, who testified that she saw Woodford Cassady and the Snyder woman together on the streets of Connersville.

A number of witnesses testified as to Mrs. Cassady's ability to take care of their two children. She is asking the custody of the children and this is where the big fight in the case was expected to develop, as the defendant wants one of them. The witness stated that Mrs. Cassady was the proper person to have the care of the children.

The plaintiff also brought out that a reasonable attorney fee would be \$50. Cassady is fighting the case in order to keep from paying a large amount of support money. It was made known to the court the amount he was receiving from the government. Judge Springer took the case under advisement following the introduction of the testimony.

Objection to certain expenditures in the final report of the executor of the estate of Warren Whisman is the cause of the other action heard by Judge Springer. No decision was given on this case.

The father was in the barn and the mother preparing breakfast in the kitchen at the time and the room was in flames before the blaze was discovered. The parents were both badly burned trying to rescue the baby.

GERMAN ADVICES ARE CONTRADICTORY

One Report is That Greek King Has Rejected Demands of Entente Powers

ULTIMATUM IS ALSO DENIED

(By United Press.)

London, Jan. 21.—Contradictory advices from German sources on the situation at Athens reached here today. One report from Berlin said that King Constantine has rejected the demands of the allies that Tzetician diplomats be expelled from Greece. The Berlin Tageblatt denies that such an ultimatum was delivered.

A Berlin report, telegraphed here from Amsterdam early today, corroborated with the Vosse-Sche Zeitung statement that the Anglo-French ultimatum expired on Wednesday and added that King Constantine had informed the Entente diplomats he could not meet their demands. Since receipt of this message no further news has reached Berlin from Athens, it was stated.

In denying the report of the ultimatum which was transmitted through Sofia, the Tageblatt declared it had received daily dispatches from its correspondents at Athens carrying no mention of an ultimatum.

ILLINOIS FLOODS CAUSE HEAVY LOSS

Million Dollars Damage Done, One Person Drowned and Thousands are Left Homeless.

WEATHER MAY STOP TORRENT

(By United Press.)

Chicago, Jan. 21.—One dead, thousands homeless and property damages estimated at more than a million dollars was the toll today of floods in northern Illinois. The Illinois, Fox, Vermillion, Calumet and Chicago rivers, swollen to three times their normal size at many places, spread out over thousands of acres of farm lands when ice forges blocked the passage of the torrent.

Rain falling steadily since early yesterday evening melted snow and ice and sent every stream tumbling down to rivers in torrents that swept away houses in their path. Colder weather tonight may prevent further serious damage, the weather bureau predicted.

The heaviest damage was at Joliet, Ottawa, LaSalle and the Illinois suburbs of Chicago. Five and six feet of water stood in the streets in some of these towns.

VILLA BANDITS EXECUTED TODAY

Eighteen Participants in Santa Ysabel Massacre of Americans Publicly Killed.

Dispatch From Carranzista General, Herrera Denies That Bandit Chief Has Been Captured

(By United Press.)

El Paso, Texas, Jan. 21.—Eighteen Villista bandits were executed at Chihuahua City, Mexico, today. They were participants in the Santa Ysabel massacre of Americans according to official Carranza advices.

The details of the execution were not given out here. It is believed that the men were publicly shot.

Mexican Consul Garcia in El Paso said today that he had neither confirmation nor denial of the reported capture of Villa.

EVIDENCE UNKNOWN.

Washington, Jan. 21.—Eighteen prisoners, alleged participants in the massacre of Americans at Santa Ysabel, were to be publicly executed at Chihuahua today, an El Paso telegram to the state department announced today. The evidence connecting the prisoners to the murder of the American party is not known.

An El Paso dispatch based on private advices from Chihuahua City said the reported capture of Villa by General Cazares has not been confirmed.

VILLA NOT CAUGHT

El Paso, Texas, Jan. 21.—Francisco Villa is still at large, according to the best information reaching Carranzista officials in Juarez today.

A dispatch from General Herrera, commanding the government troops at Chihuahua City denied reports that Villa had been rounded up with several followers.

First reports of the capture of Villa last night appeared to be confirmed. It appeared that Villa had been taken at Hacienda San Gerónimo by Carranza forces under General Cavazos, according to a private telegram from Chihuahua City. The message came from the same source as the one first reporting the massacre at Santa Ysabel. It also stated that the bandits who participated in the massacre were being brought to Chihuahua for execution.

Mexican Consul Andrus Garcia thought he had confirmed the capture of Villa his advices stated that capture was effected by Maximiano Marquez, who recently also captured Gen. Jose Rodriguez, one of Villa's generals.

A Word to Retailers

This is the age of standardization.

Products of quality are sold under brands and as they are made in large quantities they are sold at low prices.

People prefer them because they are standards of value.

When these brands are newspaper advertised a demand is created among your possible customers.

It is good business to attract the newspaper readers to your store.

This you can do by showing the goods in your window at the time they are being advertised in the newspaper.

WHAT'S THE USE?

What's the use of advertising that we have the purest drugs? You know this—your doctor knows it—everybody knows no modern, honest coscierious druggist would buy less than the best drugs in the first place. What's the use in advertising that we deliver promptly. Try us once—any order, large or small—and see how quickly and willing we deliver your goods. As an up-to-date, modern, complete drug store, we could advertise in a more convincing way than half the drug stores of the state, but what's the use. Why not test us, test our quality, our methods, our service and know the satisfaction so many others enjoy. We're here, ready to serve, ready to give you the most personal attention, so that you will entertain friendliness for us and come again freely. Amusements

The Princess will show the big feature "The Rosary" for the program tonight. Kathryn Williams and Charles Clary are featured. The moving picture is based upon the play by Edward E. Rose and a more artistic and dramatic photoplay production could not be imagined. Tomorrow night the two act drama "Wine, Woman and Song" will be shown, in which G. M. Anderson is featured.

The Gem offers a two reel modern drama "Out of the Flames" for the first picture tonight. Adele Lane and Edward Sloman are featured. The story is said to teach a powerful lesson on fire protection. The fire scene is very realistic and is the best shown in a long time. The other picture is a comedy "Fighting for Revenge." Louise Orth and Fatty Voss are featured. Tomorrow night the three reel feature drama "Naem or Money" will be shown.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

Court Edict As To Rheumatism

Judge Barhorst Testifies Rheuma
Has Given Permanent Relief
to Many.

No matter how many so-called remedies for rheumatism you have tried, do not be skeptical about the wonderful curative power of Rheuma.

There is no other preparation like Rheuma. It goes to work so quickly as to leave no doubt in your mind of the ultimate successful and permanent relief. One dose daily acts on the diseased kidneys, blood and joints more readily than any other known remedy. It cleans out the "human sewers" and thus purifies the entire system.

"I, John Barhorst, Justice of the Peace of McLean Township, Ft. Loramie, Ohio, do certify that I was cured of a very bad case of rheumatism by using two bottles of Rheuma. It is now two years since I used the remedy, and I am still as well as ever. Previous to using Rheuma I was a cripple walking on crutches. I have advised Rheuma to at least a dozen persons and each one speaks as highly of it as I."

You can secure a bottle of Rheuma for only 50 cents of Johnson's Drug Store.

BETTER THAN CALOMEL

Thousands Have Discovered Dr.
Edwards' Olive Tablets are
a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

Treat Catarrh By Nature's Method

Every Breath of Hyomei Carries
Healing Medicated Air to the
Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes, four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating disease of the respiratory organs.

Johnson's Drug Store has sold a great many Hyomei outfits, the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

What Would You Take for Your Eyesight?

Consider this question seriously. Defects of vision afflict a large percentage of the present day generation. It is a serious strain to defective eyes to perform their function unaided, and you can not afford to take chances with your eyesight.

Properly fitted glasses may permanently relieve your eyes.

Typhoid Fever Reduced

Reduction in typhoid fever and improvement in sanitary conditions have followed the intensive investigations of rural communities carried on by the United States Public Health Service in co-operation with local and State health officers, according to the annual report of the Surgeon General of that Service. During the past fiscal year 10,369 rural homes in eight different states

"TIZ" FOR SORE, TIRED FEET--AH!

"Tiz" is grand for aching, swollen tender, calloused feet or corns.

Ah! what relief. No more tired feet, no more burning feet; no more swollen, aching, tender, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it!

were visited and many of them revisited. In each of these homes information was obtained as to the prevalence of disease and insanitary conditions and a complete sanitary survey of the premises conducted. This was followed by reinspections to determine if remedial measures had been instituted. In but a relatively small percentage of the cases did the persons concerned, after having their attention drawn to the danger of a particular unhygienic condition, fail to inaugurate corrective measures. Stimulus was given to the work by means of public lectures, the formation of active sanitary organizations, and the enlisting of all public spirited citizens in the campaigns for reform. Public buildings were also inspected and local authorities given expert advice in solving such sanitary problems as the disposal of excreta, the prevention of soil pollution, and the maintenance of pure water supplies.

The surveys made during the year 1914 had shown that in rural communities less than one per cent of the homes had sanitary toilets, and that more than fifty per cent of the people were using water from polluted sources. This condition, according to the Public Health Service, made the rural sanitation question loom large among the matters vitally affecting the welfare of the nation. Following these studies and as a result of the interest aroused, the typhoid fever rate, an excellent indicator of the sanitary status of a community, has in some places frequently been cut to one quarter of its previous figure. In Berkeley County, West Virginia, the cases of typhoid fever were reduced from 249 to 40 in one year. In Orange County, North Carolina, the rural sanitation campaign resulted in a reduction of the cases from 59 to 17.

The tangible results of operations in rural sanitation indicate that marked advancement in maintaining hygienic and satisfactory surroundings in country districts is possible by the application of the common principles of preventive medicine. Insanitary conditions exist largely because they are not known to be such. Actual demonstrations of their harmfulness, together with definite recommendations for their correction, remain one of the most gratifying and successful methods for instituting reforms, has been, in the experience of the Public Health Service, invariably accompanied by definite and measurable results.

We have repeatedly remarked that the laboring men should be led out of the wilderness of demagogism by good, capable labor leaders, who will co-operate with capital and help build up instead of trying to break down and destroy.

There is an element in this country that would like to destroy the industries. The business men and manufacturers of this country have had a siege of it for the last ten years. There is another element that is making drastic effort to even things up, and improve conditions, and there is a steady and satisfactory improvement going on. Business men and manufacturers, as a rule, are either too slothful, or too cowardly to take a strong stand on governmental propositions, and in failing to do it delay too long.

The howl of the lying press, in 1912, that the interests were being fed by the Payne-Aldrich bill has proven to be fraud and a sham, and the administration, sliding into power on that wave of argument, has not lowered the price of any product or reduced the cost of living in any way, and yet it has opened the markets of this country to the world, and has gradually encouraged the establishment and growth of a tremendous manufacturing business even in some of the heathen countries, so that it is only a matter of time, no matter what laws you pass, or what party is in power, until manufacturers of the United States of America must close up shop and send the workmen home without jobs. In China today they are establishing tremendous cotton mills. They just purchased a million dol-

son left Congress he went back to Washington to look after the interests of the National Manufacturing Association of the United States of America, the greatest organization in the whole country. He represented the manufacturers, because, as an association, they had to fight corrupt and crooked legislation, legislation that meant confiscation of property, and the destruction of the industries of this country. If there is any sin in that sort of representation; if it is necessary to defend a man because he fights in the interests of the business interests of this country, then the Republican party is not the party of the people, because the people, when they consider business propositions safe and sanely are in favor of, and have always upheld business interests of the United States. There is no irretrievable difference between Mr. Watson and the laboring interests. He has always been their friend and champion, and it is a poor fool that that will argue that a man, who has devoted his life to the upbuilding of the industries of this country in order to give labor the widest possible opportunity, and capital the best possible investment, is an enemy of mankind. On the contrary, he is their savior and their friend. If the United States government were represented by more men of the Watson type, men who are able to argue and tell the story of the needs and the demands of the times, this government today would be better off. Laboring men everywhere would be fully employed instead of chasing about the streets looking for jobs—a lot of them right now working only half time. Every manufacturing establishment in Evansville should repudiate the Evansville Journal for its mendacious diatribe. It is just such Pecksniffian journalism, demagogic to the core, anarchistic in purpose, revolutionary in tactics that is destroying the business interests in this country, and putting laboring men on the starvation role.

The facts are that after Mr. Wat-

son left Congress he went back to Washington to look after the interests of the National Manufacturing Association of the United States of America, the greatest organization in the whole country. He represented the manufacturers, because, as an association, they had to fight corrupt and crooked legislation, legislation that meant confiscation of property, and the destruction of the industries of this country. If there is any sin in that sort of representation; if it is necessary to defend a man because he fights in the interests of the business interests of this country, then the Republican party is not the party of the people, because the people, when they consider business propositions safe and sanely are in favor of, and have always upheld business interests of the United States. There is no irretrievable difference between Mr. Watson and the laboring interests. He has always been their friend and champion, and it is a poor fool that that will argue that a man, who has devoted his life to the upbuilding of the industries of this country in order to give labor the widest possible opportunity, and capital the best possible investment, is an enemy of mankind. On the contrary, he is their savior and their friend. If the United States government were represented by more men of the Watson type, men who are able to argue and tell the story of the needs and the demands of the times, this government today would be better off. Laboring men everywhere would be fully employed instead of chasing about the streets looking for jobs—a lot of them right now working only half time. Every manufacturing establishment in Evansville should repudiate the Evansville Journal for its mendacious diatribe. It is just such Pecksniffian journalism, demagogic to the core, anarchistic in purpose, revolutionary in tactics that is destroying the business interests in this country, and putting laboring men on the starvation role.

If it were not for the few war orders this country has received the factories throughout the land would practically close their doors. This is an admitted fact. The people of the United States know that free trade has brought them to the very verge of ruin. They also know that this everlasting agitation and war between capital and labor is a wrong that must be righted or it will bring ruin to all in the end.

We have no fight against any man who wants to run for nomination before his party. We think of all the pusillanimous infamies of politics the worst is a creation of low-born, demagogism of the type that criticizes Watson because he fairly and honestly represented the manufacturing interests at Washington. He was just where he had a right to be. The Evansville manufacturers ought to "call" the Journal-News. They forget their bounden duty if they do not rebuke, en masse, just such rotten demagogism as that.

We have repeatedly remarked that the laboring men should be led out of the wilderness of demagogism by good, capable labor leaders, who will co-operate with capital and help build up instead of trying to break down and destroy.

There is an element in this country that would like to destroy the industries. The business men and manufacturers of this country have had a siege of it for the last ten years. There is another element that is making drastic effort to even things up, and improve conditions, and there is a steady and satisfactory improvement going on. Business men and manufacturers, as a rule, are either too slothful, or too cowardly to take a strong stand on governmental propositions, and in failing to do it delay too long.

The howl of the lying press, in 1912, that the interests were being fed by the Payne-Aldrich bill has proven to be fraud and a sham, and the administration, sliding into power on that wave of argument, has not lowered the price of any product or reduced the cost of living in any way, and yet it has opened the markets of this country to the world, and has gradually encouraged the establishment and growth of a tremendous manufacturing business even in some of the heathen countries, so that it is only a matter of time, no matter what laws you pass, or what party is in power, until manufacturers of the United States of America must close up shop and send the workmen home without jobs. In China today they are establishing tremendous cotton mills. They just purchased a million dol-

Locals Confident of Playing Good
Game Against Quakers.

The local high school team will journey to Richmond tonight for a game with the high school team of that city. The Milroy team has never been defeated this year on its home floor and is confident of winning from Rushville. The Rushville team realizes that it faces a hard game and while not confident of winning the team is not exactly figuring on losing and as a result an inter-

esting contest is expected. The Rushville team has been practicing hard this week for the Richmond game and if the team does not win, it is certain that a good showing will be made.

NEW SCHOLARSHIP GIVEN WESTERN

Late Sarah Little of Connersville
Establishes Fund for Education of Poor Girls

IS OPEN TO ALL STUDENTS

Dr. W. W. Boyd, president of Western College for Women at Oxford, Ohio, announces that there will be available with the opening of the next school year a new scholarship which will be the seventeenth at Western College. This scholarship was founded by the late Sarah Little of Connersville, Ind., in memory of her husband, Joseph I. Little. F. S. Kensler, her executor, has just paid over the sum of \$6,000 to the trustees of the college. The new fund is to be known as the Joseph I. Little Scholarship.

The will of the late Mrs. Little describes the purposes of the scholarship in these terms: "for the education of worthy poor girls who are preparing to engage in Christian work." It will be open to any who, in the judgment of the school authorities, are worthy to receive its support and who, without it, would be unable to pursue their education at Western College or elsewhere. It will be open to all students during any or all of the years of their college course.

MOVES OF LEAGUE TO BE SECRET

Shumaker of Anti-Saloon Forces
State Liquor Question Will Not
Likely Enter Primary

NOT LIKELY TO BACK HANLEY

Declines to Make Public Any Announcements as to Whom They Will Support

By DAN L. BEEBE
(U. P. Staff Correspondent.)

Indianapolis, Jan. 21.—The Anti-Saloon league may not call for a public announcement by candidates for or against statewide prohibition before the primaries, March 7. This statement was made to the United Press today by E. S. Shumaker, superintendent of the league, who added that this does not mean that the league will be idle or that it will not find out how the various candidates stand.

Shumaker said that although none of the candidates for Governor save J. Frank Hanley have announced for prohibition, he is confident that if certain candidates were nominated they would be perfectly satisfactory to the league. "The only candidate who has placed himself on record against prohibition is J. A. M. Adair, who did so by his vote in congress," said Shumaker.

"If no other candidate comes out for prohibition will the league support Hanley, the progressive candidate?" Shumaker was asked.

"We may be for Hanley later on," said Shumaker, "but not necessarily. If there are other acceptable nominees for Governor, and I think there will be, Hanley may have some competition for the prohibition vote."

Shumaker said that he believed several candidates if elected, would sign a state-wide prohibition bill. He recalled the situation prior to Hanley's election as Governor, saying that Hanley, himself, did not announce for prohibition, but that the league knew it would have a friend in the Governor's chair.

Shumaker was asked how the league would use its influence for "dry" candidates, if, as he said, it did not intend to make public announcements.

"We will get the word to the 'dry voters,'" he said. "We don't care to tip our information to the 'wet' voters. Our work will be done and the proper, reliable information will be passed around."

Shumaker said the league was most interested in candidates for the following offices: Governor, lieutenant governor, U. S. Senator, congress and the state legislature. He said that so far as he knew the only candidates who have announced for prohibition are Arthur Robinson, republican candidate for U. S. Senator, and Hanley.

With the primary less than two months away, Shumaker made it plain that the league's moves may not be made in the open.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to
Neglect

W. WITHERS MILLER

President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

Miss Pearl Kitchen will entertain the Embroidery Club tomorrow afternoon at her home in West Third street.

A pleasant time is anticipated by those from this city who will attend the Leap Year dance to be given in Connersville this evening. Mitchell's orchestra will furnish the music.

The Loyal Daughters of the Christian church will be entertained on Tuesday evening by the Misses Letha Creekmore, Geneva Crull, and Ethel Harrell at the home of Miss Creekmore.

The members of the Grand Club were pleasantly entertained yesterday afternoon by Mrs. A. L. Riggs at her home in North Perkins street. After an afternoon at cards, the husbands of the members were invited in to enjoy the delicious six o'clock dinner served. Among the guests was Miss Sallie Houston, of Shelbyville.

SUPPER PARTY

Following the Phi Delt dance last evening, a jolly crowd enjoyed a supper at the City cafe. Those participating in the spread were the Misses Marie and Josephine Kelly and Mary Harrold, and Francis Knecht, Dale Fisher, and Clifford Gottman.

TWELVE O'CLOCK DINNER.

A happy crowd was the one which enjoyed the hospitality of Mrs. Merrill Ball yesterday when she entertained with a noon dinner. It was charming in its appointments, beautifully served. The guests enjoyed a pleasant social afternoon of chatting and sewing. Those present were Mrs. Jess Poe, Mrs. Joseph Pugh, Mrs. Jeanette Pugh, and Mrs. Ernest Mitchell.

PHI DELT DANCE.

An unusually pleasant time was enjoyed at the Phi Delt dance given in their hall last evening. The thirty couples that comprised the affair were a gay and congenial crowd as they participated in the series of dances, made especially lively by the good music furnished by the Twin City orchestra of Indianapolis and Connersville. The informality only added to the pleasure of the event. Among the out-of-town guests were Miss Gladys Henly, of Chicago, Herman Schmidt, of Richmond, Walter Baker and Fred Fidler of Connersville, and Darrell Wendling of Indianapolis.

SEXTON AID SOCIETY.

About twenty members of the Ladies Aid Society of Sexton enjoyed the all day meeting which was held in the M. W. A. Hall yesterday. Each came with a well-filled basket, which helped to make up the bountiful dinner served at noon. The afternoon was pleasantly and profitably spent in quilting, and as a result of the afternoon's work, two comforts and one quilt were completed by the ladies. After the delightful day spent, it was a matter of regret that the entire membership of the society could not be present and that inclement weather and sickness had prevented their attendance at the meeting.

BASKET DINNER.

All expectations for the K. of C. basket dinner last evening were surpassed, when a merry crowd of thirty-five couples gathered with their laden baskets to spend the evening. The supper with its variety and bounty, was an elaborate one, thoroughly enjoyed by those for whom the places were laid. Following this, several games of Rook furnished amusement for some of the guests, while others enjoyed the program of dances that had been planned for them. Lively music was furnished throughout the evening by

the McGinnis Orchestra. At the close of the jolly evening, the guests left expressing gratitude to the Knights of Columbus for their hospitable entertainment.

SURPRISE PARTY.

The thirty-third birthday anniversary was the occasion for which Andrew Moore of West Fifth street was pleasantly surprised last evening by thirty-five of his neighbors and friends. The arrangements, which had been so carefully made without his knowledge, were well carried out, and at the appointed hour the jolly crowd burst in upon him. An artistic basket of fruit and a huge bouquet of cut flowers, the gift of the guests, helped to make the dining room attractive for the elegant supper which the guests enjoyed there. The hours following this were pleasantly spent, interspersed with Grafonala records. Progressive euchre and other social games were amusements of the delightful evening. Those who planned and took part in this pleasant affair were Mr. and Mrs. Jacob Webber and family, Mr. and Mrs. W. E. Jones, Mr. and Mrs. Arnold Ormes and family, Mr. and Mrs. W. H. Gregory and daughter, Mr. and Mrs. Louis Sadler and son, Mr. and Mrs. Roscoe Brooks, Mr. and Mrs. Thomas Meek of Clarksburg, Mrs. Stella Arnold, Miss Dorothy Wright, Glenn Edwards of Champaign, Ill., and Miss Carrie and Leroy Edwards.

D. A. R. ELECTION.

The Daughters of the American Revolution met in regular session yesterday afternoon at the home of Mrs. Horatio Havens in North Harrison street. The meeting was taken up with the transaction of business including the election of officers. The newly elected officers are as follows: Mrs. William Dill, regent; Mrs. D. VanOsdol, vice-regent; Mrs. H. V. Logan, recording secretary; Miss Laura Meredith, corresponding secretary; Mrs. Wilford Grindle, treasurer; Miss Emma Cassidy, registrar; Mrs. Mary M. Alexander, chaplain; Mrs. C. H. Gilbert, historian; Miss Emma Blackledge, librarian. The delegates to the D. A. R. Congress to be held in Washington in April are Mrs. Dill and Mrs. A. L. Gary. The alternates to the regent are Mrs. Ruby Strong, Mrs. Wilber Stiers, Mrs. Wilford Grindle, Miss Leonora Norris, Miss Eva Ball. Mrs. Gray's alternates are, Mrs. Sarah Guffin, Mrs. D. D. VanOsdol, Miss Alice Norris, Mrs. Jesse Winship and Miss Laura Meredith. A letter was read from Mrs. William C. Story, president general, of New York, in which new work for the year was outlined. Following the business session a social hour was held and light refreshments were served. Mrs. Havens was assisted by Mrs. C. H. Gilbert, Miss Laura Meredith, Mrs. A. L. Gary, Mrs. J. D. Case, and Mrs. Theodore Friend.

LENNARD-RIEMAN.

Miss Mildred Rieman, of Connersville, who has a number of friends in this city and has visited here frequently, was married yesterday to George Lennard of Metamora. Miss Mary Carr of this city, attended the wedding and sang several solos, as is given in the following account from the Connersville News:

A January wedding of singular beauty and charm was solemnized at the pretty home of Mr. and Mrs. C. A. Rieman, on Grand avenue, at twelve o'clock today, their popular daughter, Miss Mildred, being given in marriage to George Lennard, of Metamora, Indiana.

Honoring the occasion the interior of the home had been converted into a fairylike flower garden. The southern end of the handsome parlor was artistically embanked in green and in the center of the bower the bridal altar a masterpiece of floral art, had been arranged. Exquisite ferns and palms were used as the background of the altar and were intermingled with showers of perfect pink roses and sweet peas. French baskets of pink rose buds and similar clustered either side of the altar as did also two stately burning cathedral candles.

At the appointed hour a small company of friends and relatives assembled there. Miss Lucy Davis-

son, of Bloomington, Indiana, played the program of bridal airs before the ceremony. Miss Mary Jane Carr, of Rushville, sang "I Love You Truly" and "At Dawning." At the close of the bridal strains the bride and bridegroom came into the parlor and took their places. The Rev. W. D. Lewis, of the First Presbyterian church, read the Episcopal marriage service in an eloquent and impressive manner.

A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—MRS. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—MRS. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—MRS. E. KISSLING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax has been so uniformly successful that Johnson's Drug Store will in future sell it under a positive guarantee of relief or refund the money.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

respectively—want the cotton tax refunded to the Southern planters who paid it in Civil War times. Two of these bills demand \$68,000,000 each for this purpose, while the third asks for "such sums as may be necessary." Senator Fletcher of Florida wants \$4,000,000 to combat a disease which affects the orange trees of his state, while Congressman Harrison of Mississippi wants \$2,000,000 for the same purpose. For fish-hatcheries, monuments to dead Democratic leaders, extensions to public parks public buildings, government workshops and other purposes equally frivolous and heedless but all calling for Federal money to be spent in the South, various Southern Democrats are clamoring for a total sum nearly \$10,000,000. Senator Tillman wants \$11,000,000 for a government armor plant. This makes nearly \$200,000,000 which Southern Democrats asked from the Treasury on the first day of the session.

Their Northern Brethren were more modest, knowing, doubtless, that they have few rights in party organization which is officered almost exclusively from the South. Yet Northern Democrats, on the first day of the session, came forward with a varied list of demands for "pork", ranging from an annual sum of \$4,000,000 for a military training camp in each State State down to \$10,000 for a commission to investigate commissions.

And yet it is good betting that the next Democratic platform, like the last, will have a resounding plank in favor of economy.

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease *pyorrhea*.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered, recently, by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco from your druggist today; or send in stamps or coin for sample tube and folder. Address The Centennial Remedies Company 103 Union Central Building, Cincinnati, Ohio.

VILLA BANDITS EXECUTED. TODAY

Continued from Page 1.
ture also has been received at the office of the American Smelting and Refining Company.

Carranza Consul Garcia explained that his confirmation of the report of the capture of Villa was based on unofficial, but reliable information. He telegraphed at once to Chihuahua City asking immediate official information from Gen. Jacinto Trevino, the military chief of the northern states.

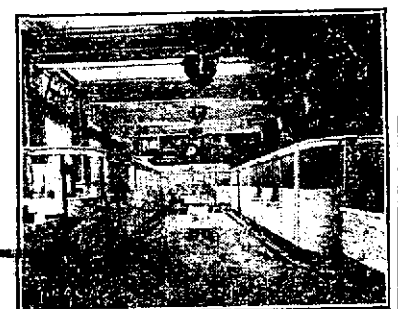

That Francisco Villa, the one-time bandit, would be President of Mexico or die in the attempt, was the prediction made more than a year ago by some of his close friends. With Villa's taking of Torreon, the Huerta stronghold, last April, observers of Mexico affairs discovered that the "unlettered bandit general" was a born genius as a strategist and commander, and from the time of his first prominence as a follower of Gen. Carranza there appeared the possibility that he would some day completely overshadow this mild-mannered old lawyer-general as a leader in Mexico.

However familiar his name, Villa has never ceased to be an enigma.

How to Treat Croup Externally

Rub Vicks' "Vap-O-Rub" Salve well over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime insures against a night attack. 25c, 50c, or \$1.00. At druggists.

Those who have seen the worst side of him have never pictured him better than a primitive man, still the red-handed bandit he was years ago.

There is the romantic story of how Villa turned bandit. Born in 1868 in the little mining town of Las Nieves, in the state of Durango, he remained there until the death of his father. Then, as a protector of his mother and sister, he became a cowboy in western Chihuahua. From their parents, who were peons of northern Mexico (some accounts say of a very good family), the children had inherited Spanish and Indian blood and traits. The story is that when a regiment of Porfirio Diaz's soldiers once visited the town the eyes of a captain alighted on Villa's sister.

There was an elopement without marriage. The most melodramatic accounts say that Villa galloped after the elopers, caught them and arranged their marriage. Then he told his newly-acquired brother-in-law to sign his own death certificate, dig his own grave and lie beside it. Villa shot the bridegroom and rolled him into the grave. President Diaz, hearing of his officer's death, set a price on Villa's head. Whatever the exact truth, something of this sort occurred.

Villa escaped to the mountains and became a bandit. His real name had been Doreteo Orango, but as a bandit he became known as Francisco and "Pancho" Villa. He gathered together a number of desperate men of the northern mountain country and within a few months his name was the terror of the region.

At the outbreak of the Madero revolt against Diaz in 1910 Villa, unasked, cast his lot with the Maderists and rendered such valuable aid that Madero was forced to recognize the peon commander. When Madero sent Gen. Huerta into the north to combat the Orozco rebellion Villa and Huerta came to a clash. They were much alike, each contemptuous of the other. Huerta had Villa arrested and condemned to death by a

military court for insubordination, but Madero's debt to Villa saved him from this extreme penalty. He was taken to the City of Mexico as a prisoner, readily escaped and pushed his way north again, seeking refuge across the Texas border.
